Dear Mr Singh

Proof of payment for your contributions

Thank you for investing with Liberty.

You will need the attached proof of payment when completing your tax return. Please keep this information for at least five years as the South African Revenue Service (SARS) may ask you to send it to them.

Liberty issues an annual contribution certificate to you which relates to your retirement annuity contributions every year. Liberty is required to send an electronic version of your contribution certificate to the South African Revenue Service ('SARS'). SARS requires that we include mandatory data in the electronic version of your contribution certificate. The mandatory data may change from year to year and the mandatory data that is required for the 2025 tax year has been outlined in the attached document.

If Liberty does not have your mandatory data, SARS will not accept the electronic version of your contribution certificate. This may cause difficulties in claiming your tax deduction when you are assessed. In order to ensure that Liberty has all your mandatory data and to ensure that you do not experience difficulties in claiming your tax deduction, please refer to the next page and let us know if any of your details have changed.

Please review your insurance regularly

You should review your insurance products regularly to ensure that they still match your needs. This is especially important if there has been a change in your life, such as a new home, new job, pregnancy or retirement. Ask yourself these questions:

- Are you saving enough to support yourself and your dependants when you retire?
- Would you be able to cope financially if you or a loved one were to die, or become ill or disabled?
